1 Chronicles 12: 38-40: David's coronation

All these fighting men were ready to go to war. They came to Hebron fully agreed to make David king of all Israel. All the other Israelites also agreed to make David king.

The men spent three days there with David. They ate and drank, because their relatives had prepared food for them.

Also, their neighbors brought food. They came from as far as the areas belonging to Issachar, Zebulun and Naphtali. They brought food on donkeys, camels, mules and oxen. They brought much flour, fig cakes, raisins, wine, oil, cows and sheep. This was because the people of Israel were very happy.

I wonder what you'd bring to a party to celebrate the choosing of a new leader?
