The situation in Gaza continues to be one of heartrending agony, with increasing loss of lives and livelihoods, and many injured or forced to relocate by the policies and actions of Israel.

As the one-year mark approaches since October 7th, Commitment for Life sends heartfelt condolences to the Israeli families who have been, and continue to be, deeply affected by the attacks. We believe that resorting to violence is always wrong, though we of course include in this the use of structural violence to oppress people and steal land. The URC joins with its partners to lobby the government on such issues.

Commitment for Life remains determined to support our SDUWQHUV HYHQ LQ D C evolving situation.

Our Christian Aid partners have asked us to extend CA's heartfelt gratitude to the URC for the generous response to the Gaza Appeal. The support received was directed to our partner, the Palestinian Agricultural Relief Committee (PARC), who LGHQWL ÷ HG D QHHG IRU internally displaced persons.
